Republican Plurality in the

ESTIMATED AT 31,000.

One Hundred Members of the Leavenworth. Legislature Claimed

By Republicans and Entire Congressional Delegation.

At noon today & hairman John W. Breidenthal of the Populist state central tomis. committee coacedes the election of the Republican state ticket, a majority of the feyville. members of the legislature and six of the eight congressmen.

To a STATE JOURNAL reporter who was talking with him when the shop whistles sounded noon, Chairman Breidenthal said: "It is all over; unless the returns received at the various headquarters are radically wrong, the Republicans have carried the state by a big majority.

Randolph. 76—Re 77—Re

"Up to this hour I have been hopeful that the first returns were wrong, and Rock that my later advices would give us the state, but it is now 12 o'clock and I have not received returns from to exceed five counties. It must be that our fellows are too sick to send telegrains."

In regard to the legislature, Chairman Wichita. Breidenthal said: "The house will be safely Republican; that is, there will be no contesting over the organization of the house 30—Sn this time. I don't know whether the list | ville. claimed as Republican members of the house is correct or not, but suppose it is all right.

As I said I have no returns, and can't say as to the congressional districts, but lington 1 still have hopes that Jerry Simpson in 71-8 the Seventh and Wm. Baker in the Sixth are elected

there is as joyful a crowd of politicians as could be found anywhere. If the ratio keeps up to the returns re- | dam. ceived up to goon today the Republican

state ticket will have a plurality of Secretary Bristow says: "We have elected the entire state ticket, the entire

congressional delegation and almost 100 members of the legislature. "We have elected every member of the Kansas City, Kansas legislature in the Second Congressional district and all but one in the First,

Third, Fourth and Fifth districts. It is a most complete victory." At 9 o'clock this morning, Attorney General John T. Little conceded the election of the Republican state ticket.

To a STATE JOURNAL reporter he said; "It looks to me like Kansas has gone Republican along with the rest of the country. When we went to bed last night, or rather this morning, Breidenthal refused to concede anything but I am inclined to think the general unrest and a demand that something be done has controlled the election in Kansas as in other states. It simply means that the party which now goes into power must do some hing for the relief of the people and that quickly or the people

will rise up in their might and get what they want." At 10 o'clock this morning State Senator W. E. Sterne of the Republican state central comm ttee, said: "There is absolutely no doubt about the election of the entire state ticket and if the present ratio of gains keep up we will have 33,000 to 40,000 plurality.

"Our returns from the Seventh district indicate the election of Chester L Long over Jerry Simpson by about 1,500 majority, and if the gains in the Sixth district keep up Judge Ellis will be elected

to congress "Even Ellis county which gave Lewelling 436 piurality two years ago has gone Republican and the Sixth district, about which we have had so much doubt,

seems to be coming into line. THE LEGISLATURE.

Chairman Tanner at 12:30 p. m. says the Republicans have a plurality in Illinois of over 125,000, a gain over 1892 of mere than 150,000, and have elected 19 congressmen out of 22, with two of the remaining three still in doubt. These three are the Third, Sixth and Twentyfirst districts.

INDIANA REPUBLICAN BY 50,000. The Plurality May Go as High as 70,000.

INDIANAPOLIS, Nov. 7 .- The partial returns received from Indiana indicate that the state is Republican by at least 50,000. The Republican state central committee says it will not be surprised if the plurality reaches 70,000. It is the most sweeping victory ever won by any politi-cal party in Indians. The first returns received last night showed strong Republican gains. They came from the labor centers, and the Democrats at headquarters expressed the hope that the tide would turn when the country vote began coming in.

Late at night returns began to arrive from all parts of the state and from everywhere came the stery of gains. The returns thus far received show an average Republican gain of about forty votes to the precinct. It is doubtful, however, whether this ratio will hold to the end, for it is expected it will be cut down by the returns from the agricultural dis Democrats concede the election of entricts, but if it should be cut to 20 to the precinct the the Republican majority

will be over 50,000. Returns from the congressional districts have been slow in coming. but the scattering figures received, considered in connection with the great Republican gains in every part of the state, indicate that the Republicans have elected eleven and possibly all of the thirteen members

of congress. The Democrats still have hopes that S. M. Stockslager in the Third and W. S. elected. The legislature is Republican in both branches. There will be in the house about 65 Republicans and 35 Democrats; in the senate about 20 Republicans and 20 Democrats.

There is but little or no doubt that 12 of the 13 Indiana congressional districts have been carried by the Republicans by majorities ranging from 300 to 10,000. The fourth (Holman's) district, is in
